IMPORTANT INFORMATION

Lay It Down Fitness and Nutrition Center LLC / CrossFit Lay It Down require that all participants follow safety rules and instructions that are designed to protect the participant's safety. However, participants must recognize that there is an inherent risk of injury when choosing to participate in fitness center activities.

You are solely responsible for determining if you are physically fit and/or adequately skilled for fitness center activities. It is always advisable, especially if the participant is pregnant, suffers from an underlining medical condition, takes medication, smokes cigarettes, has a family history of coronary disease, or has recently suffered an illness, injury or impairment, to consult a physician before undertaking any fitness center activity.

WARNING OF RISK

Aerobic and other fitness center activities such as passive/active resistance weight training, use of stair machines, jogging, free weights, and other training devices are intended to challenge and engage the physical, mental and emotional resources of the participant. Despite careful and proper preparation, instruction, medical advice, and conditioning, there is still a risk of serious injury. All hazard and dangers cannot be foreseen. Depending on the particular activity, certain risks, dangers and injuries due to overexertion, improper technique, ignoring safety precautions, failing to follow instructions, slips and falls, unfamiliarity with the equipment and/or exercise, equipment failure, failure in supervision/instruction, premises defects and other risks inherent to the particular activity exist.

Depending upon a person's physical condition, age and/or skill level, fitness center activities can involve a substantial risk of the following types of injuries. This list is by no means complete, but includes some of the more common ones: (i) heart attack, stroke and circulatory problems, (ii) bone and joint injuries, (iii) back and neck injuries, (iv) shin splints, (v) muscle strain and other muscle injuries, and (vi) foot problems.
